"Not enough built-ins in that kitchen. I want a house with a convenient all-electric kitchen."

"I noticed that one wasn't wired to handle enough Housepower for our needs now—much less the things we'll add later."

"That heating system is too antiquated. I'd rather have a modern electric heating and cooling system in one unit."

"That's out, for sure! No room for an electric clothes dryer in the laundry area by the automatic washer."

"Golly, we'd have to completely do over that kitchen to add the electric appliances we're used to."

"THIS ONE HAS EVERYTHING! IT'S A GOLD MEDALLION HOME!"

When you're house-hunting for a home that's really modern, and will stay modern for years to come, look for the Gold Medallion! It's the symbol that guarantees better living electrically—including the clean, even automatic comfort of electric heating or year 'round climate conditioning. Visit a Gold Medallion home soon.
